Post-Doctoral Position in Energy Market Design

(Full Time/ TV-L E13 or A13)

The Chair of Economic Theory at FAU Erlangen-Nuremberg offers a Post-Doctoral Position as of September 1, 2014 (or later).

The Chair focuses on research in experimental and behavioral economics as well as market design. Prof. Grimm is director of the Laboratory for Experimental Research Nuremberg (LERN) and coordinates various research projects in the area of energy market design as well as in the emerging field project "Taxation, Social Norms, and Compliance: Lessons for Institution Design" at FAU Erlangen-Nuremberg. Doctoral and post-doctoral researchers are encouraged to work in the abovementioned fields. We offer intensive supervision within a large and interactive team, challenging research projects as well as the opportunity to participate in interdisciplinary projects in the area of energy market design.

Applicants should have completed a PhD degree (or should be close to completion) in economics or a comparable subject with fundamental knowledge in microeconomics (especially applied game theory and industrial economics). The ideal candidate has experience in experimental or empirical research and should have a strong quantitative background. Candidates should have published in internationally recognized journals or should have several research papers with high potential. Fluent English skills are required, German would be an asset.

Fields of responsibility may include participation in ongoing research and teaching, as well as the formation and establishment of the Economics Division within "Energie Campus Nürnberg" (EnCN), an interdisciplinary research center on energy systems.

Salary corresponds to the German pay scale and depends on qualification (TV-L E13 or A 13). The position can be filled immediately. The appointment is initially limited for a period of three years and can be extended for up to additional two years.

Women are strongly encouraged to apply. Severely disabled applicants will be preferred when equally qualified.

For further information please contact Christian Sölch (christian.soelch@fau.de) or Prof. Dr. Veronika Grimm (veronika.grimm@fau.de). Please submit your electronic application as a **single** pdf file including the typical materials (vita, list of publications and teaching experiences, diplomas) as well as at least two references (either the contact or a reference letter) no later than **June 15, 2014** to christian.soelch@fau.de. Please refer to "**Post-Doctoral Position in Energy Market Design**" in the reference line of the email.
