

Stellenausschreibung

Studentische Hilfskräfte

Laboratory for Experimental Research Nuremberg (LERN)

8 Std./Woche

We are looking for one student assistant starting as soon as possible. The main task is supporting the ongoing laboratory operations, which includes assisting researchers in coding and testing experimental programs and supporting researchers in preparing and conducting the experimental sessions. Thus, the successful applicant has many opportunities to work on academic projects from a wide range of disciplines.

The qualifications for the job are:

- Good academic performance, a high degree of independence, and organisational skills.
- Fluent in both German and English.
- Some programming experience — you should be able to quickly familiarise yourself with the experimental software.
- Social competence as well as enjoyment in social interaction.

The successful applicant is expected to work on campus if possible, based on the COVID regulation. For further information, please contact Dr. Xiaoyu Zhou (xiaoyu.zhou@fau.de). Please send your application with the usual documents (in electronic form) to
